Hi Jun,

Yes it is the same permit but the Fact Sheet needs to be replaced. I will get you the file of the descriptions asap. Please note that record 1117 is confidential and therefore we are not releasing the document but the # and description (all the info) still needs to be on the AR web page.

Sharon,

Is there is difference between the draft permit, fact sheet, & public notice that you've been sending me and the draftnh0001465permit.pdf Merrimack Station that is to be posted in a separate job? If there is no difference, I will link to the specific pages in draftnh0001465permit.pdf instead of the three pdfs so that there won't be duplicate conflicting versions of the same the draft permit.

Also, can I get the xps file for AR 1114 and above with description, author, etc text?

Hi Marelyn,

A correction was made to the Revised Draft Permit Fact Sheet (attached). This should replace the one currently on the test site. Also, I've added documents AR1134 – 1137, if you could add metadata and let Jun know.

Jun,

Thanks for the test site. If it isn't a problem, we would like to make some edits to the language in the box at the top of the webpage (to be sent separately) and need to replace the Fact Sheet, as I indicated to Marelyn. In addition, at the bottom of the page could you add "2011" in front of "Draft Permit (PDF)" and in front of "Fact Sheet (PDF)"? Furthermore, below these, could you add "for the 2011 Draft Permit" at the end of "Comments Received During the Public Notice Period"?

Thanks.
